

Idox. Do more.

PolicyMatch

A ResearchConnect Enterprise module

Introduction

Do you find yourself investing substantial time in the search for suitable research funding, only to realise that your applications lack alignment with critical social and public policies? Put an end to wasted efforts and overlooked opportunities with PolicyMatch, the latest enhancement to your ResearchConnect Enterprise toolkit.

What is PolicyMatch?

PolicyMatch is a ResearchConnect Enterprise module that provides you with access to a one-of-a-kind policy database from Idox. With abstracts written by internal experts which are updated daily, PolicyMatch ensures you always have the most up-to-date and relevant information at your fingertips. By leveraging PolicyMatch, you'll not only enhance the quality and competitiveness of your funding applications but also save valuable time and resources.
